* The HHS poverty level for a family of one is **\$12,060**. Staff must use this standard for families of one as it is a higher standard than LLSIL.

NOTE: LLSIL guidelines apply to existing and future local policies and definitions around low-income and self-sufficiency. These guidelines are in accordance with the WIOA Eligibility [Policy](#) and [Handbook](#).

100% of LLSIL is the minimum figure for determining whether employment leads to self-sufficiency and defining low-income in accordance with WIOA eligibility.
