

DISPUTE RESOLUTION POLICY

POLICY #: 4007

Original Policy Date: 4/16/2012

Revision Date: 6/28/2017

Effective Date: 6/28/2017

Purpose:

Workforce Southwest Washington (WSW) is issuing this policy to provide guidance and standards for conflict resolution between partners in the local WorkSource System. This policy applies to disagreements in general and specifically applies to those involving WSW Memorandum of Understanding, the One-Stop Operator Agreement, and other policies and procedures regarding the integration and coordination of services throughout the WorkSource System.

Policy:

WSW partners will follow these dispute resolution procedures when the dispute involves more than one partner and/or affiliate. All disputes should be resolved at the lowest possible level and must be fully documented at every step. All documentation produced must be delivered to the subsequent entity in the dispute resolution process until such time as the dispute is resolved. The resolving entity is responsible for retaining a complete record of all actions taken from initiation to the point of resolution.

Disputes will generally fall into these categories:

1. General conflicts over the normal course of providing employer and job seeker services
2. One-Stop Operator disputes, including One-Stop Operator Agreement and amendments
3. Memorandum of Understanding (MOU) disputes prior to failure to sign
4. MOU disputes regarding failure to sign

Dispute resolution, under the first three categories, will proceed as follows:

- All attempts to resolve disputes among or between WSW system partners will begin with negotiations between the disagreeing parties. Partners are expected to put forth good faith efforts in communication and compromise to resolve disagreements in a cooperative and timely manner.
- Should the partners be unable to directly resolve their dispute, they will submit the disputed issue to the Executive Board of WSW, providing an explanation of the matter in writing. The parties shall have the opportunity to present their position to WSW Executive Board at a regularly scheduled meeting. If the dispute involves an interpretation of a policy issued by Employment Security Department Policy Unit (ESD), ESD will be asked by the WSW Board Chair to review the issue and provide a written opinion as to compliance with that policy. If the dispute does not affect a system-wide policy, the WSW Board Chair may request ESD's assistance in reviewing the dispute. WSW Executive Board will then provide a written recommendation.

If the above local-level resolution process fails and the disagreement proceeds, the following process applies:

- If an issue cannot be resolved at the Executive Board of WSW, the issues shall be forwarded to the Employment Security Department Commissioner for resolution in consultations with the WSW Board Chair and local elected officials.
- If the Chief Local Elected Official disagrees with the Commissioner, assistance may be sought from the Office of Governor.

Disputes regarding failure to sign the MOU:

All steps in the previous sections must be completed and documented. When the local boards and partners have entered into good faith negotiations and have still reached an impasse, the following additional steps shall be taken:

- The local board and required partners must send a letter to the Commissioner of Employment Security, as the administrative entity of the Workforce Innovation and Opportunity Act, notifying of the impasse and outlining the issues. A copy of that letter must also be sent to the Assistant Commissioner of the ESD Policy. Documentation of the attempts to resolve the dispute should be attached.
- The Commissioner may seek alternatives to propose a resolution.
- If an impasse continues, notifications of failure to sign will be issued with applicable sanctions to the extent of applicable state and federal laws. In addition, any local area in which a local board has failed to execute an MOU with all of the required partners is not eligible for state incentive grants.

The above steps are intended to provide assistance to resolve disputes and add clarification. They do not supersede or replace language in the Workforce Innovation and Opportunity Act or regulations.
