WIOA Youth RFP Questions Week of 01/09/17 - 01/13/17

Question:

In effort to put together a collaborative and innovative proposal in response to WSW's WIOA Youth RFP, a consortium of partners has been formed. Due to holidays and multiple inclement weather days forcing office closures, the consortium has found it extremely challenging to meet and discuss detailed partnership and service strategies. In light of the tight turn around on the RFP deadline and the multiple office closures, we are requesting that WSW extend the due date for the RFP.

Answer:

Our internal fiscal, administrative, and program team has discussed this at length and decided that, due to the rigid timeline that exists for the proposal review, WSW will be unable to offer an extension for the Youth WIOA Out-of-School RFP.
