

REQUEST FOR PROPOSALS FOR FINANCIAL AUDIT SERVICES WORKFORCE SOUTHWEST WASHINGTON (WSW)

GENERAL INFORMATION: Workforce Southwest Washington (WSW), a nonprofit corporation located in Vancouver, Washington, is soliciting proposals from qualified firms of certified public accountants, licensed or otherwise approved by the State of Washington, to audit its financial statements: balance sheet and related statements of revenues, expenses, and changes in fund balances and cash flows for the fiscal year ending June 30, 2019, and two subsequent years. Proposals must be submitted to WSW no later than at 11:59 p.m. on Monday, June 10, 2019.

WSW was incorporated in July 2002 and designated as the local Workforce Investment Board under the federal Workforce Investment Act (WIA) as amended in 2014 and currently known as the Workforce Innovation and Opportunity Act (WIOA). All accounting functions and reports are performed and compiled by internal fiscal staff.

WSW receives and administers U.S. Department of Labor WIOA funding through the State of Washington Employment Security Department and Workforce Training and Education Coordinating Board, along with other federal and non-federal funding totaling approximately \$9.0 million for fiscal year ending June 30, 2018. WSW is bound by federal and state laws governing the use of such funds. It does not provide direct services to the general public but rather disseminates the bulk of its funding through multiple project agreements with various local employment and training contractors in Clark, Cowlitz, and Wahkiakum Counties.

WSW has been audited annually and received an unmodified report regarding both the financial statements and compliance for the fiscal year ending June 30, 2018. WSW qualified as a low-risk auditee.

PURPOSE: The purpose of the required financial and compliance audit is to determine: a) whether the financial statements of WSW fairly present the financial position and the results of financial operations in accordance with generally accepted accounting principles; b) whether any material weaknesses were identified as a result of the study and evaluation of the internal control systems; and c) whether the WSW has complied with applicable laws and regulations that may have a material effect upon the WSW's financial statements and/or funding requirements.

PROCEDURES: Audit procedures will include tests of documentary evidence supporting the transactions recorded in the accounts; tests of the physical evidence supporting the transactions recorded in the accounts; tests of the physical existence of inventories; and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected funding sources, creditors, and financial institutions.

The auditor shall exercise its professional judgment in determining the number of transactions to be examined and the areas to be tested and will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

WSW's Fiscal Staff will provide the basic information required for the audit, as well as reasonable clerical support and assistance, including preparing cash, accounts receivable, accounts payable, and other confirmations requested.

COST: WSW will pay the selected bidder a flat fee, inclusive of all of the bidders' expenses.

LOCATION: On-site audit activities will be conducted at WSW's office, 805 Broadway, Suite 412, Vancouver, WA 98660.

TIMEFRAME: The audit is scheduled to begin with an entrance conference no later than November 30, 2019, with WSW management personnel, WSW Executive or Financial Board members, and/or other interested individuals. Progress conferences will be held, as needed, throughout the engagement. An exit conference will be held and a final report issued to WSW no later than January 15, 2020. WSW reserves the right to extend any contract issued in the form of one-year renewals based on the audit firm's prior performance. Price and terms of each year's subsequent audit may be renegotiated with WSW.

FINAL REPORT: No less than one copy of the final reports, and an electronic file copy, shall be provided to WSW. The auditor shall issue: 1) a report on the fair presentation of the general purpose financial statements, as a whole, in conformity with generally-accepted accounting principles; 2) a report on the internal control structure based solely on the auditor's understanding of the control structure made as part of the audit of the general purpose financial statements; and 3) a report on compliance with applicable laws and regulations that may have a material effect on financial statements. The audit document will include the following additional information that will be subjected to the auditing procedures applied in the audit of the financial statements: 1) a Schedule of Expenditures of Federal Awards; and 2) a Schedule of Current Year Findings and Questioned Costs.

In the required report on internal controls, the auditor shall communicate any reportable condition found during the audit. A reportable condition shall be defined as a significant deficiency in the design or operation of the internal control structure, which could adversely affect WSW's ability to record, process, summarize, and report financial data consistent with assertions of management in the financial statements. Reportable conditions that are also material weaknesses shall be identified as such in the report. Nonreportable conditions discovered by the auditor shall be reported in a separate letter to management, which shall be referred to in the report on internal controls. The reports on compliance shall include all instances of non-compliance.

The auditor shall inform WSW's Finance Committee and Executive Board of the following: 1) the auditor's responsibility under generally-accepted auditing standards; 2) significant accounting policies; 3) management judgments and accounting estimates; 4) significant audit adjustments; 5) other information in documents containing audited financial statements; 6) disagreements with management;

7) management consultation with other accountants; 8) major issues discussed with management prior to retention; and 9) difficulties in performing the audit.
